<sup>1</sup> Handling of express shipments, last-minute-shipments, shipments delivered after LAT (latest acceptance time), prioritized handling, HEG, PPE (personal protective equipment), vaccine, cabin load

<sup>2</sup> Applies for delivery at the FCS-own truck d

<sup>3</sup> The storage is free of charge for 12 hours effective confirmation of the consignment.

<sup>4</sup> Atlas-fees are charged on customs goods and EU-goods.

<sup>5</sup> The consignee can assign all costs for Atlas fee, storage charges and truck loading to an assigned company. The assignment can either be done by a general letter of attorney, deposited at FCS, or by a single letter of attorney provided case by case. For deposition or change of a general letter of attorney we charge once per letter of attorney to the newly assigned company (#28546). For assignment by single letter of attorney we charge per shipment (#27937) to the newly assigned company. Each further assignment to a third party by single letter of attorney (change of the invoice recipient) is charged again. This charge is invoiced –like the other above import handling costs- to the company which picks up the shipment. This is also applicable for those companies which only provide the delivery form and stamp for pick up, leading to a change of invoicing.

<sup>6</sup> A general letter of attorney can be sent to FCS only Monday until Friday, and latest 24 hours before arrival of the shipment. In case of delayed provision, a further change of the authorized agent may be charged.

<sup>7</sup> Handling of express shipments, last-minute-shipments, shipments delivered after LAT (latest acceptance time), prioritized handling, HEG, PPE (personal protective equipment), vaccine, cabin load

<sup>8</sup> Plus materials, for units at FCS truck dock only

<sup>9</sup> For x-raying please note: Maximum dimensions per piece: 1,79m (W) x 1,70m (H), max weight 5.000kg or 750kg/sqm. If security check by x-raying is not possible, we perform security check by manual inspection and sniffing. Second security check is also charged. If the Carrier accepts unsecure shipments, the security check is billed by FCS only to the airline. The security check for radioactive shipments is not provided. For shipments exceeding 5.000kg we offer cheaper flat rates on request. Rate does not include repacking after opening for inspection. Break down/loading for security check is charged on a time basis as per chapter 8.

<sup>10</sup> Rate does not include repacking for previously damaged shipments or insufficient packaging. For nested packages the price is invoice per inclosed collie. Repacking is charged to the same company like the security check.

<sup>11</sup> Further packing services (e.g. individual size) reimbursed at cost price plus 15% disbursement fee

<sup>12</sup> Plus materials. Ad hoc orders for pallet buildup received later than 8 hours prior to flight close-out the service is billed to the airline as a surcharge.

<sup>13</sup> Plus materials

<sup>14</sup> Plus materials

<sup>15</sup> Plus materials

<sup>16</sup> Dangerous goods services for acceptable export shipments are billed to the exporting airline. Dangerous goods services for non-acceptable export shipments are billed to the delivering agent. Dangerous goods services for acceptable import shipments with final destination FRA are charged to the consignee. Dangerous goods services for non-acceptable import shipments and for import transit shipments (final destination not FRA) are charged to the importing airline. Single pieces which are consolidated with outer packing (overpack) are counted as one piece.

<sup>17</sup> The storage of radioactive shipments is charged with immediate effect. The acceptance and storage is only provided if all relevant documents are on hand when accepting the cargo. An IATA dangerous goods check is done before storage. We only accept secure shipments in accordance with EU-regulation 2005/1998.

<sup>18</sup> Plus Dry Ice

<sup>19</sup> T1 preparation for airlines handled by FCS only.

<sup>20</sup> On request only. Please send your written request to [import-supervisor@fcs.wfs.aero](mailto:import-supervisor@fcs.wfs.aero), at least 24 hours before delivery. For foreign currency conversion is based on the conversion rate as published at [http://www.zoll.de/SiteGlobals/Forms/KursSuche/KurseSuche\\_Formular\\_Initial.html?nn=298534](http://www.zoll.de/SiteGlobals/Forms/KursSuche/KurseSuche_Formular_Initial.html?nn=298534).

<sup>21</sup> For national deliveries and origin FRA, the service is charged to the consignee on the AWB. For international deliveries and/or delivery by the airline under RFS, the service is charged to the airline.

<sup>22</sup> The storage is charged with immediate effect.

<sup>23</sup> The storage is included for 24 hours. This is not applicable for special areas and express freight. Storage is counted from the time shipment received at warehouse. The storage of part shipments is charged separately by each part. The free storage is extended by 24 hours for shipments to be deconsolidated by FCS. Shipments which are not customs-cleared have to be transferred to the bonded

---

warehouse type C after 90 days. For the service the charges as per chapter 10 apply. For local import shipments (destination on AWB=FRA) storage is charged to the company which confirms acceptance of cargo on the delivery form (also in case of assignment to third party).

<sup>24</sup> The storage is included for 24 hours. This is not applicable for special areas and express freight. The storage of part shipments is charged separately by each part. FCS reserves the right to accept export shipments only 24 hours before departure of the booked flight.

<sup>25</sup> The storage of import dangerous goods shipments is free of charge for 12 hours. The storage of export dangerous goods shipments is charged with immediate effect. Storage of radioactive shipments as per chapter 4.5. In case of storage of dangerous goods in the cold storage, the cold storage is charged.

<sup>26</sup> For export shipments the storage is charged with immediate effect.

<sup>27</sup> For larger units the number of the actually used LD3 spaces will be charged.

<sup>28</sup> One unit shall be understood as one container or one pallet stack. If specific single pallets need to be picked on request of the customer, the service is charged per pallet.

<sup>29</sup> Should customs inspection necessitate deconsolidation/sorting by HAWB, the deconsolidation/sorting will be charged by hour

<sup>30</sup> Ramp supervision on request

<sup>31</sup> A one-time connection fee will be charged.

<sup>32</sup> A one-time connection fee will be charged.

<sup>33</sup> The storage is charged with immediate effect. Special storage is excluded.
